SNOW SHOVELERS LIST

The City of Newton, as a convenience to you, has developed a list of persons available to shovel snow for a fee.

Residents who wish to hire any of these persons are responsible for contacting them directly and negotiating both the parameters of the job and the fee.

Snow Shoveling Tips

Whenever possible, it is best to pile snow to the right of the driveway (as you face the street) to reduce potential of having it re-deposited at the driveway opening when the plow passes.

When plowing or shoveling out driveways, wherever possible keep snow on the owner's property. Snow may not be plowed/shoveled onto the street, or across the street onto a neighbor's sidewalk.

To avoid having to do the job twice, shovel the sidewalk after the storm has passed and the street has been cleared.

Keep a supply of ice melter to treat your sidewalks. It is more effective and less expensive to clean up than salt or sand.

This list is available at City Hall, the Library, and the Senior Center.
