OPERATION OF THE NEWTON COMMONWEALTH GOLF COURSE

(Faxed Proposals Shall Not Be Accepted By The City of Newton)

The City of Newton is soliciting proposals for the operation in accordance with Exhibit IV hereto of the Newton Commonwealth Golf Course by a private operator under a three year contract, beginning January 1, 2015 through December 31, 2018. A pre-proposal conference and site visit is scheduled on September 11, 2014 at 1:30 p.m. Interested parties will meet at the clubhouse of the Newton Commonwealth Golf Course, 212 Kenrick St. Newton, MA. The pre-proposal meeting is not mandatory.

This proposal has been issued by the authority granted the City by Massachusetts General Law, Chapter 30B, Uniform Procurement Act, Section 6. Proposers should familiarize themselves with the provisions of this Act.

Proposals must be submitted in separate sealed envelopes, one containing four (4) copies of the non-price technical proposal marked "RFP #15-15 - Technical Proposal - Golf Course Operation Services" and one envelope containing one (1) copy of the price proposal marked "RFP #15-15 - Price Proposal - Golf Course Operation Services" shall be submitted. The name of the proposer shall be included on both envelopes. Both envelopes must be received: Nicholas Read, Chief Procurement Officer, City of Newton, Second Floor, City Hall Room 204, 1000 Commonwealth Avenue, Newton, Massachusetts, 02459, prior to 10:30 a.m., September 25, 2014.

A proposal deposit of five thousand dollars ($5,000) must be submitted with the proposal.

IMPORTANT

Each respondent to this RFP must ensure that in their Technical Proposal they acknowledge they have received any and all Addenda for this RFP (see Attachment B).
The Chief Procurement Officer has determined that in order to select the most advantageous offer to operate the Newton Commonwealth Golf Course, evaluation criteria set forth in this request for proposals must be considered in addition to price. It is essential that the City of Newton retain the services of a management firm with adequate background to operate the Newton Commonwealth Golf Course so that the residents of Newton will be assured they will be provided a golf facility that is professionally managed and expertly maintained. Therefore, the RFP process will enable the City to provide higher ratings to management firms whose experience in public golf course operation and whose key personnel have more than the minimally adequate number of years of experience in the operation of public golf courses.

The successful proposer must demonstrate the ability to deliver services that adhere to the specifications outlined in this document, and provide references as to where similar services have been successfully provided. The contract will be awarded to the responsive and responsible proposer submitting the most advantageous proposal taking into consideration both the results of the comparative evaluation and price. The City of Newton reserves the right to reject any and all proposals as determined to be in the best interests of the City.

The services to be provided are managing, maintaining, and operating the Golf Course as a public course in accordance with a formal management agreement.

- **September 11, 2014 @ 1:30 p.m.** - Pre-Proposal Meeting (212 Kenrick St., Newton, MA)

- **September 25, 2014 @ 10:30 a.m.** - Proposal due date

III. BACKGROUND

In 1981, 25 abutting land owners and citizens of the City purchased the golf course previously known as the Chestnut Hill Country Club, and donated it to the City for operation as a public golf course. The Foundation operates the Golf Course under a license agreement between the Foundation and the City, a current copy of which (unsigned) is attached hereto as Exhibit I. On January 1, 1981, the Foundation entered into a management agreement with Newton Commonwealth Golf, Inc., Kenneth Campbell, President. Since January 1, 1993, the Golf Course has been managed by Sterling Golf Management, Inc., Kevin Osgood, President. See Exhibit II. The original Golf Course was opened in 1897 and redesigned in 1921-22 by Donald Ross, who also was a member of the Country Club. Mr. Ross’ work is still evident on holes not affected by the redesign that took place in 1952 when land was taken for a residential development. The course now occupies 78 acres, plays to par 70, and measures 5336 yards from the back tees. A new Toro Irrigation System was installed in 2007.

IV. CURRENT SITUATION

The Golf Course is currently being operated by Sterling Golf Management, Inc., Inc., Kevin Osgood, President, under a management agreement with Foundation /Golf Course Management Committee dated March 5, 2009. This agreement is due to expire on December 31, 2014. The operator reported unaudited the following gross revenues for 2013: greens fees: $846,394; season tickets: $79,575; cart rentals: $212,241; and snack bar: $110,117. Approximately 37,795 rounds of golf were played in 2013. This number includes all 18 hole, 9 hole and twilight rounds.

V. DECISION TO USE RFP PROCESS

It is essential that the City retain the services of a management firm with extensive background to operate the Golf Course so that the residents of Newton will be assured they will be provided a golf facility that is professionally managed and expertly maintained. Since which management company will be most advantageous will be based on factors other than price, the City has elected to use a Request For Proposal (RFP) process. Under the RFP procurement, a proposer’s response to the RFP consists of two parts: everything responsive to the RFP other than price, called the Technical Proposal, and the Price Proposal. After the proposals have been opened, the proposers’ Technical Proposals will be evaluated and ranked. The
evaluation results will be delivered to the CPO, who will open the Price Proposals and make recommendation to the Foundation as to which proposer is the most advantageous, taking into consideration the Technical and Price Proposals.

The Foundation will not be bound by the CPO’s recommendation. The policy of the Foundation is to continually improve the quality of golf being offered at an affordable price to its customers. Therefore, in order to achieve this policy, the Foundation will award a contract, if at all, to the proposer the Foundation determines to best fulfill this policy.

VI. INSTRUCTIONS TO BIDDERS

2. Notice of Pre-Proposal Conference. A conference for prospective proposers will be held at 1:30 p.m., September 11, 2014 at the Golf Course, 212 Kenrick St., Newton, MA. The pre-proposal conference is not mandatory.

   At that time, prospective proposers can discuss with representatives of the Foundation and the City any questions or concerns they might have regarding the project.

   Subsequent to this meeting, if necessary, an Addendum will be issued in order to clarify any questions that may arise as a result of the conference.

3. Proposal Deposit. Each Technical Proposal must be accompanied by either a certified check payable to the “Newton Commonwealth Foundation, Inc.”, or a bid bond from an authorized surety company authorized to do business in the Commonwealth of Massachusetts, in the amount of $5,000. All deposits shall be returned upon final execution of a contract or, if no contract is executed, at the expiration of ninety (90) calendar days from the date set for opening of the proposals. If the successful proposer fails to perform its agreement to furnish a properly executed contract, including the required security for performance within ten (10) days after an award is made to it, or within such additional time as the Foundation may authorize in writing, the proposal deposit shall become the property of the Foundation as liquidated damages; however, in case of death or disability of the Proposer, the deposit shall be returned to it after submission of a sworn affidavit to, and acceptance by, the Foundation.

4. A responsive proposal shall consist of two parts: (i) a Technical Proposal made up of one (1) original, and four (4) paper copies and (ii) one (1) paper copy of a Price Proposal. A digital DVD copy of the Technical proposal is requested, but not required. The Technical Proposal and the Price Proposal shall be submitted in separate sealed envelopes.
The four copies of the TECHNICAL PROPOSAL and the one PRICE PROPOSAL must be submitted in SEPARATE SEALED ENVELOPES.

Envelopes shall be marked:

“TECHNICAL PROPOSAL - RFP #15-15 “OPERATION OF THE NEWTON COMMONWEALTH GOLF COURSE”

AND

“PRICE PROPOSAL - RFP #15-15 “OPERATION OF THE NEWTON COMMONWEALTH GOLF COURSE”

along with your firm’s name on both envelopes. If a Price Proposal is included in the Technical Proposal, the proposal may be rejected.
A. **Technical Proposal.** The technical proposal shall consist of documentation that the proposer satisfies the minimum criteria set forth in section VII of this RFP #15-15 together with the proposer's response to the evaluative criteria set forth in Section VIII. (See more specifically, Section X Proposal Submission Requirements.). **Addendum(s) must be acknowledged on the first page of the “Technical Proposal”**.

B. **Price Proposal.** The management contract will be a revenue generating contract wherein the Contractor makes payments to the Foundation in accordance with its proposal. The amount to be paid to the Foundation shall consist of a minimum amount of $250,000 per year or a percentage of all gross revenues from the operation of the golf course, whichever is greater. There will be two separate percentage bids, one for the gross revenue collected for the operation of the snack bar food service and functions and the other percentage bid will be for all other gross revenues received by the golf course, except revenue from pro shop sales, pull cart and golf club rentals, tournament fees, income earned from professional tournaments, lessons given by the staff, and outside income earned by any golf professional on the staff. Proposers shall use Attachment A to this RFP #15-15 Form of Price Proposal in submitting the price proposal.

For any play during the Off-Season (11/30 to 3/31), the Contractor may retain 100 percent of revenues up to the amount of $5000.00 in each month. Contractor shall pay to the Foundation fifty percent of revenues over the amount of $5000.00 in each month.

5. **Proposal Acceptance and Rejection.** Notice of the acceptance of the proposal will be given to the successful proposer by an award letter from the CPO, which shall include the proposed Golf Course Management Agreement (“Agreement”) between the Foundation and the Contractor. The Contractor shall deliver the Agreement, duly signed, and properly executed, within ten (10) calendar days of receipt of the notice of acceptance. If the successful proposer fails to execute the Agreement within such time period, the Foundation may accept another proposal and exercise its right under the bid bond. The failure of any proposer to examine the agreement documents shall not relieve it from the obligations it will incur if its proposal is accepted.

The City and the Foundation reserve the right to reject any or all proposals, or any part(s) thereof, if in the best interest of either to do so, and to amend any contract to the extent permitted by law and as the City or Foundation deems to be in their best interest. The City and the Foundation reserve the right to waive any mistakes or informalities in the proposals received and may request supplementary information from any particular proposer if it is determined that the granting of such waiver or the receipt of such additional information would be in the best interest of the Foundation. Each “Out-of-State” proposer shall furnish with its proposal a certification from the Office of the Secretary of State verifying that it is legally authorized to do business in the Commonwealth of Massachusetts.

Any proposal which fails to include any material information or documentation specified in the proposal submission requirements is non-responsive and will be rejected.

6. **Incorporation of Proposal Content.** All or part of the successful proposal submitted shall become incorporated into the final contract documents.

7. **Expenses.** Expenses for developing the proposals are entirely the responsibility of the proposer and shall not be chargeable in any manner to the City or the Foundation. All costs of meeting the requirements of this RFP and any resulting contracts, including those for insurance, professional services, or licensure, shall likewise be the exclusive responsibility of the proposer and not the City or the Foundation.

8. **Proposer Review of Existing Operation.** The Golf Course can be inspected by contacting:

The Contractor shall keep the books of accounts and records of all operations and establish a system of bookkeeping and accounts in a manner considered to be good accounting practice according to the American Institute of Certified Public Accountants and satisfactory to the Foundation and shall permit inspection of said books and records by the Foundation as often as deemed necessary in the opinion of the Foundation in form submitted by the Foundation. The Contractor shall submit at the end of each year a certified, audited annual report, or as required by the Foundation, a profit and loss statement of operations under the terms of the Agreement, in a form considered to be good accounting practice according to the American Institute of Certified Public Accountants and satisfactory to the Foundation.

17. **Sales and Rental Limitations.** The Contractor shall have the exclusive right to sell or rent golf or golf related equipment.

18. **Maintenance.** The Contractor will accept all properties, facilities, and equipment “as is” in their presently existing condition. The Contractor shall, at its own expense, make all repairs necessary to maintain City-owned equipment, buildings, and structures, and has total responsibility for building maintenance to include, but not limited to, repair and replacement all the respective City-owned or Foundation-owned golf course properties, fixtures, plantings, furniture and related equipment and the heating, utility, and plumbing systems. It is acknowledged by the Contractor that standards (see attached Exhibit IV) for the maintenance, upkeep and repair of the golf course (greens, fairways, bunkers, rough, tees, irrigation, etc.), clubhouse, pro shop, and snack bar will be made part of the Agreement. It is further understood that the Contractor will provide the Foundation a monthly management report in a format approved by the Foundation that shall include maintenance to greens, tees, fairways, roughs, building maintenance, levels of irrigation, fertilization, weed control, and other maintenance. Such report may be required on a more frequent basis to be determined by the Foundation and the City. The Contractor will not make any alterations, additions, or improvements to the golf course and facilities without the prior consent of the Foundation. All alterations, additions, and improvements, whether temporary or permanent in character, shall at all times be deemed to be the property of the City and shall remain upon the premises at the termination of the agreement. Management firm will not be responsible for major structural repairs to roofs, exterior walls, heating, air-conditioning, or foundations when the cost of any such repair exceeds two thousand five hundred dollars ($2,500.00). **The Contractor shall provide and pay for, at a minimum, the maintenance set forth in Exhibit I included in this RFP #15-15.**

19. **Minimum On-Site Equipment.** The Contractor shall provide all equipment needed to maintain the golf course and facilities in accordance with the requirements of this RFP #15-15 and the resulting agreement. The Foundation has determined that the equipment more specifically set forth in Exhibit II (Management Contract, section 12) is the minimum required to fulfill those requirements and that **such equipment must be kept on site at the golf course at all times** during the term of the management contract. **No equipment or vehicles other than those required for on-site use at the golf course may be stored on the premises.**

In addition to required maintenance equipment, the Contractor shall furnish at least sixty-five (65) power golf carts, new or in "like new" condition, subject to approval by the Foundation, five (5) of which must be electrical for staff use in early mornings to minimize disturbing the residents in the areas surrounding the Golf Course. Thirty (30) of the non-staff golf carts so furnished shall be no older than four (4) years. The remaining thirty (30) non-staff golf carts so furnished shall be less than one year old. All golf carts must be serviced at least weekly by an independent maintenance company hired by the management firm for such purpose, and acceptable to the Foundation. The Contractor shall provide the Foundation with a copy of the maintenance contract with the independent maintenance company, which contract shall also be subject to the approval of the Foundation. The Foundation shall have the right to order the Contractor to stop using and replace any golf cart it deems dangerous, unserviceable or not in keeping with the character of the Golf Course.

Within ten (10) days of the notification of contract award, the successful Contractor shall provide written evidence to the Foundation that it owns or leases all the equipment listed in Exhibit II (Management Contract, section 12 & Exhibit IV) and the required golf carts and that such equipment/golf carts will be available at the golf course site by February 1, 2015. All required equipment must be new or in "like new" condition and capable of reliably performing the required maintenance. The Contractor shall be responsible for replacing any required equipment/golf carts which fail to perform reliably during the term of the management contract.
20. **Minimum Staffing.**

   a. **On-Site Manager.** The individual proposed to serve as on-site manager of the Golf Course must have full authority to act for and bind the Contractor in all respects with regard to the operation of the golf course, including but not limited to, supervising, hiring and firing employees, authorizing work orders and authorizing payments on behalf of the management firm. The individual proposed shall have served in the capacity of an on-site manager with the above described level of independent authority for a minimum of five years. A higher rating will be assigned to firms who propose that the on-site manager is a principal in the Contractor (see paragraph VIII, 2).

   The Contractor shall warrant that the on-site manager is experienced and qualified to supervise all aspects of the operation, maintenance and administration of the Golf Course and is also experienced in supervising the capital improvement projects to be provided by the Foundation. As used in this paragraph, the term "supervise" shall mean the ability to seek cost estimates, bids, oversee actual work, approval/disapprove work, approval/disapprove payment request, and assist the Foundation in any dispute resolution with regard to the capital improvements provided by the Foundation. If, in the opinion of the Foundation, the on-site manager is not qualified to oversee the capital improvement projects undertaken by the Foundation, the Foundation may require the Contractor to provide, at its sole expense, an individual who is qualified to oversee implementation of the capital improvement projects undertaken by the management firm and/or the Foundation.

   The on-site manager or a designated assistant manager shall be present on-site at all times during which the golf course is in operation.

   The on-site manager shall also attend Foundation meetings as requested and prepare any reports requested by the Foundation regarding the Golf Course.

   The Contractor and the on-site manager shall not use Golf Course premises for conduct of any other enterprise or business other than Newton Commonwealth Golf Course business.

   The Foundation is committed to maintaining good relations with the neighborhoods surrounding the Golf Course, as well as with the patrons of the Course. To that end, the on-site manager shall be responsible for receiving and responding to any complaints or problems the residents surrounding the Golf Course or patrons have regarding the Course's operation. The on-site manager shall at all times be courteous to residents of the neighborhoods surrounding the Golf Course and patrons, and shall be guided by the Foundation with regard to the resolution of complaints.

   b. **Pro Shop Manager.** The Contractor shall employ a Pro Shop Manager to oversee the general operation of the Pro Shop, to manage the Starters and Rangers and Pro Shop counter staff. Such manager shall ensure the satisfaction of all customers that they receive the highest possible level of service which the Foundation is striving to achieve.

   c. **Golf Professional.** The Contractor shall employ a Class A member of the Professional Golfers Association of America with a minimum of five years’ experience as a Class A Professional, who will be the resident Professional at the Golf Course. This Professional will work as a teaching instructor to promote and grow the game of golf at NCGC. The Golf Pro will operate free Junior golf clinics every Monday and will be available to advise the Foundation in any golf related management decisions they will need. The Golf Pro will also be available to give advice to the Inner Club.

   d. **Starter.** The Contractor shall employ a starter to control play on the Golf Course seven (7) days a week, ten (10) hours per day, during April, May, September, October and November and twelve (12) hours per day during June, July and August.

   e. **Ranger.** The Contractor shall employ a minimum of one (1) ranger on the Golf Course seven (7) days a week, ten (10) hours per day, during the golf season (presently April 1st through November 30th). A second ranger shall be required for 8 hours per day during June, July, August, and September on Fridays,
Saturdays, Sundays and holidays and during any other very busy period. Any change from this staffing will be required in writing by the Foundation. Such ranger(s) shall take necessary action to keep play moving and orderly, and to ensure that the course rules of play are complied with.

f. Grounds Staff. The Contractor shall employ, on a year-round, full-time basis, a grounds staff that shall consist of a minimum of a Superintendent, an Assistant Superintendent, and an Equipment Mechanic. From April 1st to June 1st, a minimum of five (5) additional grounds staff shall be employed for a total of eight (8) grounds staff during this period. From June 1st to September 1st, a minimum of four (4) additional seasonal grounds staff shall be employed for a total of twelve (12) ground staff during this period. From September 1st to November 15th, a minimum of eight (8) total grounds staff shall be employed.

21. Capital Improvements by the Foundation. The Foundation has established an ongoing program of Golf Course and building improvements. Additional improvements are anticipated in the future. As has been the practice in the past, future improvements will be funded by monies paid to the Foundation by the Contractor. The Foundation shall prepare an annual budget that itemizes the proposed improvements to be made by the Foundation in the coming year.

The Contractor acknowledges that it does not have any claim against the City or the Foundation, their agents, or contractors for interference in business or damages for interruption of services or interference in the operation of the Golf Course, pro shop, or food and beverage service as a result of any improvements made by the Foundation. The Foundation agrees to use its best efforts to minimize such interruptions or interference in business without waiving its right to make improvements to the Golf Course or its buildings. The Contractor will be required to assist the Foundation in getting contractors and multiple quotes for any projects for which it requests assistance. The Contractor will also be responsible as the Clerk of Works to oversee the quality of work being performed in the best interest of the Foundation.

22. Faithful Performance Bond. The Contractor will, at or before the execution of the Agreement, furnish to the City an acceptable corporate Performance Bond of two hundred fifty thousand dollars ($250,000.00), or equivalent security, as security for faithful performance and non-negligent performance of the Agreement. The bond shall be in force at all times during the term of the Agreement.

23. Force Majeure. Neither the City, the Foundation nor the Contractor shall be deemed in breach of any contract which may result from this proposal submission if it is prevented from performing any of the obligations hereunder by reason of Acts of God, acts of the public enemy, acts of superior governmental authority, strikes or labor disputes, floods, riots, rebellion, sabotage, or any similar other circumstances not within their reasonable control.

24. Termination. The Contractor shall peaceably and immediately give up and surrender to the Foundation the premises and every part thereof at the termination of the agreement.

25. Non-discrimination/Equal Opportunity. The Contractor shall comply with all local, state and federal laws and regulations pertaining to non-discrimination and equal opportunity in the areas of employment, subcontracting, and use of City facilities.

26. Assignment. The Contractor shall not assign or subcontract any portion of the operation without written approval from the City and the Foundation.

27. Independent Contractor. The Contractor and its employees will operate as an independent contractor and are not considered to be Foundation or City employees.

28. Assignment of Authority. The Contractor shall be in charge of public play on the Golf Course. The Contractor shall be authorized to enforce applicable ordinances, rules, and regulations for golf operation which are not superseded by any agreement or contract resulting from this proposal.

VIII. TECHNICAL PROPOSAL - COMPARATIVE EVALUATION CRITERIA AND STANDARDS

Proposals that meet or exceed the minimum criteria will be evaluated and rated on the basis of the following comparative criteria. To the extent that a criterion is based on the evaluation of a proposer’s plan, the proposer shall provide a plan that will allow for a meaningful evaluation of that plan. The city reserves the right to ask any proposer to provide additional supporting documentation in order to verify its response.

Ratings of Highly Advantageous (HA); Advantageous (A); Not Advantageous (NA); or Unacceptable (U) will be given to each of the following criteria for each proposer. A composite rating will then be determined. A composite rating of Highly Advantageous or Advantageous may be assigned only if a proposal has received at least one such rating among the criteria listed below.

To the extent that an Evaluation Criterion requires the certification of fact and this RFP does not require otherwise, a proposer’s certification as to that fact shall be an adequate response provided, however, that on request the proposer shall provide such evidence as the City may request to support that fact.

1. The experience of the proposer in managing, maintaining and operating a first-class 18-hole public golf course. As used in this criteria, the term "first-class" shall mean a comparably sized public golf course at which the quality of grounds maintenance, conditions of play and course amenities are of at least the equivalent or better quality than that found at the Newton Commonwealth Golf Course.

   Highly Advantageous - More than five (5) years’ experience by the proposer at a first-class public golf course meeting the criteria set forth above. Advantageous - Three (3) to five (5) years’ experience by the proposer at a first-class public golf course meeting the criteria set forth above.
   Not Advantageous - Less than three (3) years’ experience by the proposer; or experience involving operation of a first class public golf course under the criteria set forth above; or experience involving operation of a public golf course, first class or otherwise.
   Unacceptable - No experience in the management, maintenance or operation of an 18 hole public golf course.

2. The proposer’s ability to fairly compensate itself, generate income to the public entity, and provide affordable golfing services and facilities to the public as demonstrated by at least three (3) fiscals years’ financial statements.

   Highly Advantageous - Course consistently generated high income for the political entity while keeping fee costs for the public low.
   Advantageous - Course generated moderate income for the political entity while keeping fee costs for the public reasonable.
   Not Advantageous - Course generated moderate income for the political entity or kept fee costs for the public reasonable, but not both.
   Unacceptable - Course generated little or no income for the political entity and fee costs for the public were not low.

3. Experience and qualifications of management firm's key staff.

   Highly Advantageous - Submission of an organizational plan showing a structured organization with clearly delineated responsibilities and identifying the proposer’s staff who will be assigned to manage, operate and maintain the Golf Course. Staffing levels must satisfy or exceed the required minimum staffing and experience levels set forth in RFP #15-15. A principle of the proposer shall serve as the on-site manager.
**Advantageous** - Submission of a plan identifying the proposer’s staff who will be assigned to manage, operate and maintain the Golf Course, but not clearly indicating organizational structure or delineating responsibilities. Staffing levels satisfy the required minimum staffing and experience levels set forth in RFP #15-15. Regardless of the quality of the organizational plan, if the on-site manager is not a principle in the proposer, this criterion will only be rated "advantageous".

**Not Advantageous** - Submission of a plan which fails to identify the proposer’s staff who will be assigned to manage, operate and maintain the Golf Course, fails to show staffing levels which satisfy the required minimum staffing and experience levels set forth in RFP #15-15, or shows a poor organizational structure or delineation of responsibilities.

**Unacceptable** - No information provided regarding experience and qualifications of proposers key staff.

4. **Credit and Other References.**

**Highly Advantageous** - Three (3) or more golf industry references which indicate superior quality of performance; good credit rating showing that proposer makes timely payment of its bills, taxes and does not have excessive debt.

**Advantageous** - Less than three (3) golf industry references which indicate superior quality of performance; or golf industry references which indicate only good quality of performance; or fair credit rating.

**Not Advantageous** - Less than three (3) golf industry references and golf industry references which indicate only fair quality of performance; or poor credit rating.

**Unacceptable** - No information provided from golf industry references or credit report; or a credit report indicating failure by the proposer to remain current in payment of bills or excessive debt; or failure by the proposer to make timely payment of all applicable taxes.

5. **Proposer’s plan to provide additional incentives to increase the percentage of play by Newton residents, by juniors and to increase community spirit and public awareness of the Golf Course as a community resource.**

**Highly Advantageous** - A plan which sets forth at least three (3) specific incentives which will be offered by the proposer. The incentives should have either a proven effect or be reasonably calculated to achieve their goals and should be in keeping with the character of the Golf Course as a community resource. Such plan would involve no cost to the Foundation.

**Advantageous** - A plan which sets forth less than three (3) specific incentives or sets forth incentives which are somewhat speculative in effect. Such plan would involve no cost to the Foundation.

**Unacceptable** - No plan; a plan which involves cost to the Foundation; a plan which sets forth incentives which are speculative or which are not in keeping with the character of the Golf Course as a community resource.

6. **Proposer’s plan to continue to ensure and promote the "good neighbor" relationship of the Golf Course to the surrounding residential areas.**

**Highly Advantageous** - A plan which sets forth a proactive way to address neighborhood concerns/complaints preventing neighborhood problems from arising, specifically describing the manner in which they will be addressed, facilitating communication of neighborhood problems to the proposer and requiring a principle of the proposer, as the on-site manager, to resolve problems. Include a reporting requirement to the Foundation.
**Advantageous** – A plan which generally describes the way in which neighborhood complaints will be addressed, requires the on-site manager to address and resolve neighborhood problems, and includes a reporting requirement to the Foundation.

**Unacceptable** - A poor or no plan submitted; provides that the neighborhood concerns/complaints will be addressed by someone other than the on-site manager; lacks a reporting requirement to the Foundation.

7. **Accountability of Revenues. The proposer shall submit a detailed description of the method to be used to ensure the accountability for all revenues generated at the golf course**

   **Highly Advantageous** - A plan which specifically details an accurate method for recording and accounting for revenues in each division of the Golf Course; and includes a comprehensive report describing the manner in which these revenues are reported to the Foundation and how the amounts can be verified by the Foundation; and identifies the person who would be submitting this information to the Foundation.

   **Advantageous** – A plan which generally describes an accurate method for recording and accounting for revenues in each division of the Golf Course; and includes a report describing the manner in which these revenues are reported to the Foundation and how the amounts can be verified by the Foundation; and identifies the staff position who would be submitting this information to the Foundation.

   **Unacceptable** - A poor or no plan submitted; or does not sufficiently describe an accurate method for accounting for the revenues in each division of the Golf Course; or does not have a method for the Foundation to verify the accuracy of the numbers submitted; or does not present either the name or staff position of the person who would be submitting the information to the Foundation.

IX. **EVALUATION OF PROPOSALS AND AWARD OF CONTRACT**

   The contract will be awarded to the responsive and responsible proposer deemed to be most advantageous determined by the City and the Foundation, taking into consideration both the Technical and Price Proposals. Any proposals which submit a price that is abnormally low or high, as determined by the City and the Foundation, may be rejected as not responsible. All proposals shall remain firm for ninety (90) calendar days after the proposal opening.

   As used herein, the terms “responsive” and “responsible” shall have the meanings given to such terms in M.G.L. c. 30B, §2.

   Proposers may be investigated by the City or the Foundation or their designated representative to determine if they are qualified to perform the Agreement. The investigation will seek to determine whether the proposer is adequate in size, is authorized to do business in the City, possesses comparable previous experience and whether the proposer’s available equipment and financial resources are adequate to assure the City that the contract will be completed in accordance with the terms thereof.

   The Foundation may perform site visits to proposers’ managed golf courses (existing or previous). These site visits shall include, but not be limited to, a review of the pro shop operations, fee collection systems, food service operation, building cleanliness and upkeep, and overall golf course maintenance conditions.

   In evaluating Proposals, the City and the Foundation will consider the qualifications of only those proposers whose proposals are in compliance with the requirements set forth in this RFP. The City and the Foundation reserve the right to reject any proposal if the evidence submitted by, or the subsequent investigation of such proposer fails to satisfy the Foundation that the proposer is properly qualified to carry out the obligations of the Agreement.
X. PROPOSAL SUBMISSION REQUIREMENTS

1. **Price Proposal.** Management firm's fee (percentage of gross income) to be paid to the Foundation shall be submitted on Attachment A. This completed form shall be signed by an authorized representative of the proposer and placed in a separate sealed envelope marked "Price Proposal - Golf Course Operation Services."

WHEREAS, the City and the Foundation entered into a Letter of Intent dated January 30, 1992, and thereafter a ten year written Agreement dated March 2, 2004 concerning the operation of the Newton Commonwealth Golf Course ("Golf Course"); and,

WHEREAS, said Agreement expires on March 2, 2014; and, WHEREAS the Foundation has been an important and helpful steward of the Golf Course for more than thirty years; and,

WHEREAS, the City wishes to have the Foundation continue to oversee the operation of the Golf Course in accordance with the terms of this Agreement; and

WHEREAS the City wants to ensure that the Foundation has the resources needed to continue that stewardship so as to assure a first class golf course for the City;

NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties hereby agree as follows:

1. Operation of the Golf Course:

   a. The City hereby grants the Foundation a license to use the Golf Course for the term of this Agreement. The Foundation has entered into a Management Contract ("Contract C-3004") with a qualified entity to operate the Golf Course ("Operator") as a public golf course in accordance with this Agreement. In the event of a material conflict between the provisions of this Agreement and Contract C-3004, the conflicting provision shall be enforced to the extent permitted by C-3004, unless the Foundation and the Operator agree to amend Contract C-3004. In any event, any such conflicting provision shall take full effect as of the next management contract that is expected to bid and awarded with an effective date of January 1, 2015. The parties agree that the provisions of paragraph 3. c. (Accounting System) do not materially conflict with the provisions of Contract C-3004. The Foundation agrees to continue to maintain a contract with an Operator for the term of this Agreement.
b. The Foundation agrees to oversee the operation of the Golf Course and to ensure its operation as a first class public Golf Course at no expense to the City. The responsibilities of the Foundation shall include the following:

i. Prepare an annual Operating Budget and submit the same to the Mayor and/or his designee "(Mayor") no later than February 1, each year.

ii. Prepare and submit to the Mayor a five (5) year Master Plan of Capital Improvements ("Master Plan") to be made at the Golf Course and a corresponding Annual Plan to implement particular capital improvements.

iii. Prepare bid specifications as required by applicable provisions of Massachusetts General Laws and/or City Ordinances for all work that is not required to be completed at the Golf Course by the Operator as further provided herein.

iv. Establish all rules, regulations and policies relating to the operation of the Golf Course provided that the fee schedule shall be subject to the approval of the Mayor.

2. Golf Course Consultants:

a. The parties recognize three roles for consultants: 1) review of budget or capital plans; 2) regular oversight of the Operator and independent evaluation of Operator and 3) preparation of bid specifications. The parties envision the use of a primary consultant who will serve as a general advisor to the Foundation and such additional consultants with specialized expertise as may be needed for particular matters.

The Foundation agrees to select a qualified person or entity, subject to the approval of the Mayor, ("Primary Consultant") to assist the Foundation in carrying out its responsibilities pursuant to this Agreement. The Foundation shall execute a written agreement with the Primary Consultant within sixty days after the execution of this Agreement. The Primary Consultant and any other specialized consultants shall be paid for by the Foundation from the revenues generated from the operation of the Golf Course. The Primary Consultant and any other specialized consultants shall report to the Foundation.

Develop a schedule of improvements to be paid for by the Operator from operating revenues and designate improvements that should be classified as capital improvements to be paid for from Foundation funds.

iii. Conduct regular inspections on a continuous basis of the Golf Course with the Foundation Chair and/or designee to evaluate the condition of the course (maintenance and implementation of improvements). Make recommendations to the Foundation for corrective action (measures, steps) to be taken by the Operator to address any deficiencies in Golf Course maintenance or operation.

iv. Prepare an annual written report on or before March 1 of each year summarizing the non-financial operations and conditions of the Golf Course with a copy to the Mayor and a copy to the City Clerk.
c. The Foundation shall retain such other consultants as it deems necessary to provide assistance with the following tasks:

i. Review and/or prepare bid documents pertaining to work performed in accordance with the Annual Plan and repairs to the Golf Course estimated to cost in excess of twenty-five thousand dollars ($25,000) or any other work pertaining to the Golf Course grounds and facilities that will not be performed by the Operator.

ii. Prepare a Request for Proposals ("RFP") for an Operator to be bid during 2014 for a term commencing January 1, 2015. The RFP shall contain a minimum price to be paid by the Operator and shall set forth the proposed terms and conditions of the contract between the Foundation and the Operator, including the capital improvement and maintenance obligations of the Operator. The terms of the RFP, and all subsequent RFPs for an Operator shall include, but not be limited to, the conditions stated in Attachment A.

3. Financial Management, Procedures for Expenditures:

   a. Single Account, Authorization of Expenditures: The Foundation agrees to maintain a single account for the sole purpose of maintaining the Golf Course ("Golf Course Fund") and, to the extent that it has not already done so, to provide an accounting of all monies currently held by the Foundation. The Foundation shall deposit all funds paid to the Foundation by the Operator into the Golf Course Fund. The Foundation will pay all bills for the Golf Course from the Golf Course Fund. The Foundation Treasurer shall authorize (in writing) all expenditures from said Fund.

   b. Bond: The Foundation Treasurer shall provide the City with a fidelity bond, in a form approved by the City Comptroller and the City Solicitor, in an amount equal to the total amount of funds in the Golf Course Fund.

   c. Accounting System: The Foundation agrees to:

      iii. File each quarterly statement with the Chief Administrative Officer of the City and the City Comptroller within thirty (30) days after the end of each fiscal quarter.

      iv. Contract with a qualified certified public accountant to perform an annual financial audit of the Golf Course Fund financial statements.

      v. Submit the annual audited financial statements to the Chief Administrative Officer of the City and the City Comptroller not later than July 31 in each year.

      vi. Require the Operator to submit annual reports of the Golf Course financial operations. The Foundation and the Mayor shall mutually agree as the selection of an accounting firm. The financial report shall be based on agreed upon procedures as developed by the accounting firm in consultation with the Foundation, the Mayor and the City Comptroller.
vii. Make available all books, records, reports, data and any and all information related to the operation of the Golf Course to the Mayor upon request.

d. The Foundation agrees to implement the changes to the Accounting System listed above as of the date of the execution of this Agreement, unless the Parties agree to another date in writing.

4. Term:

a. The Term of this Agreement shall be five years commencing on the date hereof and terminating on March 2, 2019 unless terminated prior to said expiration date as provided in. paragraph 13; provided, however, that the City may, at its sole option, extend the Agreement for one additional five year term.

a. The Foundation agrees to make an annual payment to the City of not less than Fifty Thousand Dollars ($50,000.00) to be used for conservation and/or recreation purposes plus an amount equal to the greens fees generated from not more than eight (8) selected days (weekdays only) of operation during the months of May through September. The exact days shall be selected by mutual agreement of the Operator and the Foundation. All funds received by the City shall be used for such purposes as determined by the Mayor.

b. In addition, the City of Newton shall have the right to use the Golf Course for special City events, including golf, for not more than three (3) weekdays, excluding holidays, provided, however, that each such special City event held will reduce by one (1) the number of days for which gross greens fees will be contributed to a charitable organization in accordance with the above paragraph. The City shall have the option for additional special event days to be negotiated between the City and the Foundation, each year of the Agreement. Special City events shall be at no cost to the City of Newton or to the Foundation.

6. Preparation of the Annual Operating Budget:

a. No later than March 1 each year, the Foundation shall prepare and submit to the Mayor its budget recommendations for the operation of the Golf Course for the next successive fiscal year ("Annual Budget"). The Annual Budget shall include a projection of expenses, reserves and capital improvements that are reasonably necessary for the Foundation's management of the Golf Course. The Mayor shall have final approval of the Annual Budget in consultation with the Foundation.

MINIMUM TECHNICAL SPECIFICATIONS FOR GOLF COURSE MAINTENANCE

I. General Requirements.

The work includes maintenance of grass on greens (including putting greens and perimeter slopes), tees (including practice tees), fairways, roughs, sand traps, and maintenance of shrubs, trees, and landscaping around clubhouse and throughout the entire 18-hole course.

II. Personnel Requirements.

In addition to the minimum staffing required set forth in paragraph 20 of RFP #15-15, the management firm shall maintain a sufficient number of personnel at all times to accomplish, on schedule, all work under this contract.

III. Equipment, Materials, and Supplies

The management firm will furnish all labor, equipment, parts, chemicals, materials, and supplies needed to provide the maintenance specified in this Exhibit I, as well as the equipment more specifically identified in Exhibit II of RFP #15-15. The Foundation will supply storage areas and office space as currently exists at the Golf Course for the management firm's use.

IV. Detailed Standards

Greens, Practice Putting Greens, and Aprons

Mowing - mowed daily at a maximum height of 3/16" varying mowing directions each time greens are mowed.

Change cup locations daily during active season and at least four (4) times weekly during the off-season.

Repair ball marks, divots, or any other damaged turf on all greens and practice putting green at least five (5) times weekly.

Core, aerate all greens and practice putting greens a minimum of two (2) times each season. This will be done with "Ryan Greensaire" or approved equal which places holes on two-inch centers and a minimum of two inches deep.

All greens shall be aerified a minimum of three (3) times a year by high pressure water injection aerification using a "Toro Hydroject 3000" or similar. This must be done during June, July and October each year.

Top dress all greens and practice putting greens after aerification and additionally as needed to maintain a smooth putting surface. Top dressing application rate of 0.6 to 1.0 cubic yards of material per 1,000 square feet is typically required. A representative sample of the existing soil material of the greens shall be submitted to a reputable physical soil testing lab to determine the specific characteristics of the dressing material to be used. Top dressing should occur every three...
to four weeks during the summer growing season.

Light vertical mowing of all greens and practice putting greens shall be performed every seven to ten days from May to September to control mat and thatch build-up and stimulate optimum turf growth. Heavy vertical cutting should be done twice in conjunction with the first and second core aerification operations to control thatch accumulation.

Spiking of all greens and practice greens shall be performed as needed between aerifications to maintain proper water infiltration.

**Fertilization** - the greens fertilization program should be based on bi-annual spring and fall chemical soil analysis results to determine specific requirements. Only fertilizer specifically formulated for putting greens shall be applied.

**Fungicide** - all greens and practice greens shall have appropriate fungicide applications at a preventative rate at intervals not to exceed 21 days and additional applications at a curative rate may be required to control fungus activity and prevent damage to the turf. This will be especially important prior to and just following overseeding.

**Pre-emergent chemicals** - (such as Balan, Dacthal, etc.) shall be used in the appropriate amounts and appropriate times to prevent intrusion into the greens of weeds difficult to eradicate such as poa annua, goosegrass, crabgrass, etc.

**Weed Control** - all greens and practice greens shall be maintained free of foreign grasses and weeds, even if it is necessary to remove them by hand.

Insecticide - all greens and practice greens shall be treated on a preventative basis not to exceed six-week intervals, and additionally on a curative basis as may be required to control insect activity and prevent damage to the turf.

**All Areas Used for Tee Surface**

**Mowing** - all tees shall be mowed to a height ranging from 1/2 to 3/4 inches no less than three (3) times per week at an interval not to exceed three (3) days.

**Top Dressing** - all tees shall be top dressed a minimum of three (3) times each season with weekly divot repair.

**Seeding** - all tee areas shall be overseeded each spring and fall at a rate of not less than 5 pounds per 1,000 square feet.

**Set-Up** - tee markers shall be moved daily during active season and at least four (4) times weekly during the off-season. Litter containers shall be emptied as necessary. Ball washers shall be filled as needed and supplied with clean towels.

**Weed Control** - tees shall be kept weed-free to an extent of at least 90% of the area by the proper application of approved herbicides.

**Aerification** - all tees shall be core aerified a minimum of three (3) times each season.
