REQUEST FOR PROPOSAL #15-14
SUPPLY & DELIVER LAW ENFORCEMENT UNIFORMS

I. DECISION TO USE COMPETITIVE SEALED PROPOSALS

The Chief Procurement Officer has determined that in order to select the most advantageous proposal for the supply and delivery of law enforcement uniforms for the City of Newton Police Department, comparative judgments of technical factors and not price alone must be considered. Specific non-price factors the City wishes to consider are the ease with which officers can be measured and take delivery of items of clothing, the proposer’s ability to provide the brands of clothing consistent with City standards in a timely manner, and the whether proposal prices are fixed or subject to a price adjustment.

III. BACKGROUND

Under Collective Bargaining Agreements between the City and the Newton Police Superior Officers Association with the Newton Police Association, the City is to provide police officers with uniforms and equipment. To fulfill this obligation, the Newton Police Department (NPD) will from time to time authorize each officer to purchase or replace elements of the officer’s uniform, by notifying the vendor in writing of the officer’s identity and listing the items of clothing that officer is authorized to purchase. The City therefore seeks a vendor that can measure officers for properly fitting items of the uniform, provide timely delivery.

The vendor will be paid on submission of invoices for clothing accepted by the officer. The City processes all invoices in a timely manner with warrants for approval of vendor checks submitted to the Mayor two times each week.

With respect to style and quality, the City has determined that all items of uniform shall be those manufactured by the Blauer Manufacturing Co., Inc. 20 Aberdeen St. Boston, MA 02215 (www.blauer.com). This is a proprietary specification justified by the fact that it is essential to the efficiency and public perception of the City’s police force that its appearance be consistent and recognizable, specifically:

- Based on experience, Blauer has historically performed better and lasted longer than other clothing items with the manufacturer standing behind their products if they did not perform up to expectations.
- Blauer colors match and outlast other brands through many cleaning cycles.
- Blauer offers certain features in their clothing line that others do not. Those features make officers safer and feel more comfortable.
- Blauer has kept up with ANSI safety regulations that the officers are required to follow when performing traffic related duties.

The restrictiveness of this proprietary specification is mitigated by the fact that there are many local Blauer authorized dealers allowing for a competitive bidding process.
The City recognizes that the biggest component of proposer’s price is what it must pay the manufacturer, and will consider as a comparative criterion, the reasonableness of a price adjustments offered by the proposer. Proposers must complete and submit the attached Price Adjustment Rider with their Technical Proposals.

IV. EVALUATION OF PROPOSALS

There will be no public opening of submitted proposals. Following the deadline for receipt, the Chief Procurement Officer will open the Technical Proposals and prepare a register of those firms submitting proposals which shall be available for public inspection. All proposal contents shall be confidential until the evaluation is final and award has been made.

The Technical Proposals shall be evaluated by an Evaluation Committee appointed by the Chief Procurement Officer who shall prepare their evaluation instructions based on the criteria contained herein.

Upon completion of the technical evaluation, the Chief Procurement Officer will open and evaluate the Price Proposals. A contract will be awarded to the responsive and responsible proposer whose proposal is determined to be most advantageous taking into consideration cost and evaluative criteria. The City reserves the right to reject any and all proposals and to award a contract as determined to be in the best interests of the City.

All proposals shall remain firm for sixty (60) calendar days after the proposal opening.
V. MINIMUM CRITERIA

Any proposer submitting a proposal for Collection Services must satisfy all the Minimum Criteria.

Proposals that do not demonstrate compliance with the Minimum Criteria will not be further considered.

The City will not award a contract except to a responsible and responsive proposer that has documented successful experience in accordance with the certain minimum requirements:

1. Proposer has provided evidence that it is an authorized dealer for, and has the ability to offer a full range of, Blauer Manufacturing Co., Inc. 20 Aberdeen St. Boston, MA 02215 (www.blauer.com) clothing products.

2. A completed Price Adjustment Rider.

3. Completed Bidder's Qualifications and References Form

4. Completed Certificate of Tax Compliance

5. Completed Certificate of Non-Collusion

6. Completed Debarment Letter

7. Completed IRS Form W-9

To the extent that a Minimum Criterion requires the certification of fact, the proposer’s certification as to that fact shall be an adequate response provided, however, that on request the proposer shall provide to the City such evidence as the City may request to support that fact.
VI. COMPARATIVE EVALUATION CRITERIA

Proposals that meet or exceed the minimum criteria will be evaluated and rated on the basis of the following comparative criteria. To the extent that a criterion is based on the evaluation of a proposer’s plan, the proposer shall provide a plan that will allow for a meaningful evaluation of that plan. The city reserves the right to ask any proposer to provide additional supporting documentation in order to verify its response.

Ratings of Highly Advantageous (HA); Advantageous (A); Not Advantageous (NA); or Unacceptable (U) will be given to each of the following criteria for each proposer. A composite rating will then be determined. A composite rating of Highly Advantageous or Advantageous may be assigned only if a proposal has received at least one such rating among the criteria listed below.

1. **Proximity to Police Headquarters:** The proximity of the vendor to the NPD allows greater flexibility for fittings, purchases and returns. Distance will be measured using Google maps.

   - **Highly Advantageous:** Proposer located within 15 miles of 1321 Washington St. W. Newton, Mass.
   - **Advantageous:** Proposer located more than 15 miles and less than 25 miles from 1321 Washington St. W. Newton, Mass.
   - **Not Advantageous:** Proposer located 25 miles or more from 1321 Washington St. W. Newton, Mass.

2. **Frequency of uniform fittings.** Infrequent or inconvenient fitting opportunities can be disruptive to an officer’s schedule. More fitting sessions are therefore desirable.

   - **Highly Advantageous:** Proposer can perform 3 or more 8-hour fittings at 1321 Washington St. W. Newton, Mass during the 12 month period.
   - **Advantageous:** Proposer can perform less than 3 fittings for 8 hours at 1321 Washington St. W. Newton, Mass during the 12-month period.
   - **Not Advantageous:** Fittings performed at Proposer’s location only
   - **Unacceptable:** Proposer does not perform fittings

3. **Cost of uniform fittings.** Additional costs for fittings will reduce the officer’s allowance and are not desirable.

   - **Highly Advantageous:** Proposer charges no additional cost for fittings.
   - **Not Advantageous:** Proposer charges additional fee (hourly, daily, or per officer) for fittings

4. **Alterations, Patches and Piping**

   - **Highly Advantageous:** Proposer capable of providing alterations on site of their business
   - **Not Advantageous:** Proposer sends uniforms to a third party for tailoring

5. **Delivery**

   - **Highly Advantageous:** Delivery within 90 days with all garments grouped and packaged in complete sets.
   - **Advantageous:** Delivery within 90 to 120 days with all garments grouped and packaged in complete sets.
   - **Not Advantageous:** Garments not grouped and packaged in complete sets and delivery over 120 days.
6. **Price Adjustment.** The City acknowledges that manufacturer’s cost affects the proposer’s ability to maintain a fixed price. The City prefers a fixed price for the term of the 12 month contract, but will consider proposals with price adjustment provisions.

Highly Advantageous: Item prices remain fixed for the term of the contract, without adjustment.

Advantageous: Item prices will be adjusted upward or downward only to the extent of fully documented evidence of a change in the proposer’s actual cost as of September 11, 2014, with no commission or other compensation to the proposer.

Not Advantageous: Item prices will be adjusted upward or downward in an amount that is more than the change in the proposer’s actual cost as of September 11, 2014.
PRICE ADJUSTMENT RIDER

The City is soliciting proposals for police uniforms for its police officers, together with services for measuring officers to insure that their uniforms fit properly. The City acknowledges that vendor prices for such uniforms and services will be based principally on their cost in acquiring specified items of clothing from their manufacturer.

The City is willing to consider price adjustments in determining the most advantageous proposer, it being understood that certainty in budgeting for these items is more desirable than uncertainty.

Vendors must provide pricing information with their Technical Proposals. Please complete the following as applicable. (Vendors must complete at least one.)

1. ___________ The unit prices offered in the Item Worksheets for Project Manual #15-14 shall remain fixed for the term of the contract.

2. ___________ The proposer reserves the right to increase a unit price offered in the Item Worksheets For Project Manual #15-14 to the extent, and only to the extent, that the manufacturer of that item has increased its price from the price of that item as of September 11, 2014, but only if the City receives proper evidence from the manufacturer documenting such increase.

3. ___________ The proposer reserves the right to increase a unit price offered in the Item Worksheets For Project Manual #15-14 (i) to the extent that the manufacturer of that item has increased its price from the price of that items as of September 11, 2014, but only if the City receives proper evidence from the manufacturer documenting such increase plus (ii) ___________% of the amount of such increase.

This Price Adjustment Rider must be submitted with the proposer’s Technical Proposal.

However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note: If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

### Part II. Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

### General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

### Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, or contributions made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding,
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note:** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

### Definition of a U.S. person.

For federal tax purposes, you are considered a U.S. person if you are:

1. An individual who is a U.S. citizen or U.S. resident alien,
2. A partnership, corporation, company, or association created or organized in the United States, or under the laws of the United States,
3. An estate (other than a foreign estate), or
4. A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity.

14. "Equal" - An item equal to that named or described in the specifications of the contract may be furnished by the Contractor and the naming of any commercial name, trademark or other identification shall not be construed to exclude any item or manufacturer not mentioned by name or as limiting competition but shall establish a standard of equality only. An item shall be considered equal to the item so named or described if (1) it is at least equal in quality, durability, appearance, strength and design; (2) it will perform at least equally the function imposed by the general design for the work being contracted for or the material being purchased; and (3) it conforms substantially, even with deviations, to the detailed requirements for the item in the specifications. The name and identification of all materials other than the one specifically named shall be submitted to the City in writing for approval, prior to purchase, use or fabrication of such items. Subject to the provisions of M.G.L., Ch. 30, Sec. 39J, approval shall be at the sole discretion of the City, shall be in writing to be effective, and the decision of the City shall be final. The City may require tests of all materials so submitted to establish quality standards at the Contractor's expense. All directions, specifications and recommendations by manufacturers for installation, handling, storing, adjustment
and operation of their equipment shall be complied with; responsibility for proper performance shall continue to rest with the Contractor.

For the use of material other than the one specified, the Contractor shall assume the cost of and responsibility for satisfactorily accomplishing all changes in the work as shown. If no manufacturer is named, the Contractor shall submit the product he intends to use for approval of the City.

Except as otherwise provided for by the provisions of M.G.L., Ch. 30, Sec. 39J, the Contractor shall not have any right of appeal from the decision of the City condemning any materials furnished if the Contractor fails to obtain the approval for substitution under this clause. If any substitution is more costly, the Contractor shall pay for such costs."

15. Notice is hereby given that the City of Newton Minority/Women Business Enterprise Plan dated December 1999 is applicable to all City of Newton contracts for materials and supplies. A copy of this plan may be obtained from the Purchasing Department.

The Contractor agrees to deliver all containers properly labeled pursuant to M.G.L. Ch. 111F, SS 7 and the regulations contained in 441 CMR SS 21.05. Failure to submit an MSDS and/or label on each container will place the Contractor in noncompliance with the work order. Failure to furnish MSDSs and/or labels on each container may result in civil or criminal penalties, including bid debarment and action to prevent the Contractor from selling said substances or mixtures containing said substances within the Commonwealth. All Contractors furnishing substances or mixtures subject to Chapter 111F of the M.G.L. are cautioned to obtain and read the law and rules and regulations referred to above. III. PRIORITY OF DOCUMENTS. In the event of inconsistency between the terms of this CITY-VENDOR Agreement and the Project Manual, the terms of this Agreement shall prevail.

IV. APPLICABLE STATUTES. All applicable federal, state and local laws and regulations are incorporated herein by reference and the Vendor agrees to comply with same.

V.
VI. CONTRACT TERM. The term of the awarded contract shall extend from the day of execution through September 30, 2015. Prices submitted in this bid shall remain firm for the duration of the contract period. The City reserves the right to terminate this contract prior to the expiration date in the event total expenditures reach the above stated contract total. If for any part thereof during the term of this Agreement, funds for the discharge of the City’s obligations under this Agreement are not appropriated and authorized, or funds so appropriated and authorized are reduced or withdrawn, then this Agreement shall terminate.

VI. QUANTITIES. The quantities specified in the Project Manual are approximate and are based on previous consumption. VII. MATERIALS. The Vendor agrees, unless otherwise specified, that all equipment, materials and supplies furnished under this contract are to be first quality, new and unused.

VIII. AUTHORIZATION OF AND PAYMENT FOR WORK PERFORMED. The execution of this contract does not constitute a notice to proceed or authorization to perform work or make deliveries. No work shall be commenced or deliveries made unless authorized by a written Purchase Order issued by the City specifying the equipment, materials or supplies to be delivered. The Vendor will be paid following completed delivery and acceptance of the equipment, materials or supplies ordered in accordance with the Contract. All money paid by the City in settlement of liens and claims as aforesaid, with the costs and expenses incurred by the City in connection therewith shall be charged to the Vendor, bearing interest at the rate of six percent (6%) per annum, and be deducted from the next payment falling due the Vendor under the terms of this contract.

X. UNIT PRICES. It is agreed that the unit prices listed are maximum prices and that the City shall be entitled to take advantage of any decreasing market conditions, decreases to be governed by the manufacturers’ price listing as might be generally adopted in the trade, or by the same percentage that the Vendor may reduce prices to others who purchase in similar quantities and under similar conditions.

XI. RESPONSIBILITY FOR THE WORK/INDEMNIFICATION. In the performance of any work, including the delivery of equipment, materials or supplies, pursuant to this Contract, the Vendor shall take all responsibility for the work, and shall take all precautions for preventing injuries to persons and property in or about the work and shall defend, indemnify and hold the City harmless from all loss, cost, damage or expense arising from injuries to persons or property in or about the work. In case such material, equipment or apparatus, or any part thereof, in any such suit is held to constitute infringement, the Vendor, within a reasonable time, shall at its own expense, and as the City may elect, replace such material, equipment or apparatus with non-infringing material, equipment or apparatus, or remove the material, equipment, or apparatus and refund the sums paid therefor.
XIV. **INSPECTION.** For the purposes of inspection of the equipment, materials and supplies covered by this contract, the Vendor shall give the City free access to his works and furnish every facility for properly inspecting such equipment, materials and supplies, and shall furnish full information, whenever requested, relating thereto. Approval by any inspector of the City shall not relieve the Vendor from his obligation to comply in all respects with the contract.

XVII. **TERMINATION.** The City of Newton may, by written notice of default to the Vendor, terminate the whole or any part of this Contract or any Shipping or Work Order issued pursuant thereto in any one of the following circumstances:

a. If the Vendor fails to make delivery of the equipment, goods or supplies or to perform the services within the time specified herein or any extension thereof;

b. If the Vendor fails to perform any of the other provisions of this contract or, if in the opinion of the City, Vendor so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not correct such failure within thirty (30) days (or such longer period as the City may authorize in writing) after receipt of notice from the City specifying such failure.

XVIII. **GOVERNING LAW.** This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.

XIX. **SEVERABILITY.** The provisions of this Contract are severable. If any section, paragraph, clause or provision of this Contract shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Contract shall be unaffected by such adjudication and all of the remaining provisions of this Contract shall remain in full force and effect as though such section, paragraph, clause or provision, or any part thereof so adjudicated to be invalid, had not been included herein, unless such remaining provisions, standing alone, are incomplete and incapable of being executed in accordance with the intent of the parties to this Contract.

XX. **AMENDMENTS TO THIS CONTRACT.** This Contract may not be amended except in writing executed in the same manner as this CITY-VENDOR Agreement.
IN WITNESS WHEREOF, the parties have caused this instrument to be executed under seal the day and year first above written.

1. The term of the contract awarded pursuant to this bid will be for 12 months.

2. The City will contract with a single vendor to service all its law enforcement uniform requirements. Bidders must therefore quote on every uniform article within the Item Worksheets. The bid award will be based on the overall grand total.

3. Quantities shown are estimates of the maximum annual quantity that would be required by the Newton Police Department. It is specifically understood the City does not agree to purchase any specific quantity of any item and some items may not be purchased at all. Purchases will be made to cover actual requirements only. The City may increase or decrease the quantity of any item specified without change in price per unit of quantity as stated in the Contractor’s Bid Response.

4. The Chief of Police will appoint a member of the department to serve as Inspector of Uniforms. The Inspector shall be responsible to authorize the specific purchase of required uniform items under this contract. The Inspector shall inspect and accept all uniform items ordered and delivered to the department.

5. Bidders on this contract must have been in the business of supplying law enforcement uniforms for a minimum of four consecutive years, and within that period must have successfully completed at least one contract with an annual purchase volume equivalent to that anticipated by this bid.

6. Bidders on this contract must have personnel on staff as well as equipment located at the bidder’s place of business to perform uniform alterations and other sewing as may be required during the contract term.

7. All items are to be quoted as specified or approved equal. Any deviations from specifications must be clearly identified in the bid submittal. If deviations are not specifically listed, the City will assume none are taken, and the Contractor will be expected to deliver items exactly as specified.

8. Samples of alternate offers are not required with the bid, however the City reserves the right to request and evaluate samples before making an award. If requested, samples will be provided within five working days.

9. Deliveries of items ordered must be completed within ninety (90) days after receipt of order. Partial deliveries shall be accepted by the vendor until shipment of all items ordered can be made 100% complete. On occasion, delivery of items may need to be done on a RUSH basis.

10. All garments delivered shall be grouped and packaged in complete sets, clearly identified and labeled with the receiving officer’s name.

11. Time is of the essence in the delivery of items ordered under this contract. As actual damages for any delay in delivery are impossible to determine, the Vendor shall be liable for and shall pay twenty five dollars ($25.00) as fixed, and agreed liquidated damages for each calendar day of delay beyond ninety days following receipt of order until delivery is brought to full and accepted completion. Project Manual #15-14 - Law Enforcement Uniforms Page 12 of 58.

12. While the department may order items as required throughout the year, it anticipates placing one primary department-wide annual order. The vendor shall have an employee available at their place of business during hours of operation to take Officer’s measurements. If the Vendor’s place of business is outside of 15 miles from the Newton Police Headquarters (1321 Washington Street, Newton, MA 02465) then the vendor shall be available on site at the Newton Police Headquarters a minimum of 4 different days, to take Officer’s measurements, to be scheduled by mutual agreement.

13. Prices bid must include furnishing and applying all materials, trimmings, findings, ornaments, etc. listed in the specifications. (i.e. “NEWTON” police patches, traffic wheel patches and chevrons)
14. Uniform items shall be altered to individual measurements as necessary to insure proper fit. Finished garments shall be inspected and approved by the Inspector of Uniforms. Any dissatisfaction with the garment will be reported to the vendor who shall arrange with the Inspector of Uniforms to come to the department and inspect the fit of the garment, to make note of necessary adjustments and to take the garment in order to perform the required tailoring. The corrections shall be made and the garment returned with ten (10) working days. If the garment is not then fully satisfactory the vendor may be required, at the discretion of the Inspector of Uniforms, to furnish a completely new garment at no cost to the City.

15. Additionally, if the awarded contractor is outside 15 miles from the Newton Police Headquarters they shall be available, if necessary, throughout the year for up to three days at our facilities from 9:00 a.m. - 5:00 p.m. for measuring sessions of new employees.

END OF SECTION
Each line item shall contain both a unit and total price. The Grand Total (total of all line items) shall be submitted in paragraph “C” of the BID FORM. Any bidder not completing paragraph “C” of the BID FORM maybe considered non-responsive.
