THIS ADDENDUM IS TO: Answer the following Questions:

Q1. Be advised that a new Massachusetts law has been enacted that required all employees who work on Massachusetts public works construction sites must have no less than 10 hours of OSHA-approved safety and health training. See M.G.L. C. 30, §39R and M.G.L. C. 149, §44E.
1. This requirement will apply to any general bid or sub bid submitted.
2. This law directs the Massachusetts Attorney General to restrain the award of construction contracts to any Vendor who is in violation to this requirement and to restrain the performance of these contracts by non-complying Vendors.
3. The Vendor and all subVendors on this project will be required to provide certification of compliance with this requirement. Non-compliance with this law will disqualify you from bidding on public contracts.

This bid is for supply and delivery of MTUs - there is no work involved in the field. Can this item be removed?

A1. Section 4.8 of the IFB is a standard provision that applies when and if a person is submitting a bid for, or signing a contract to work on, the construction, reconstruction, alteration, remodeling or repair of any building or public works project undertaken City and estimated to cost more than $10,000. As this IFB is for delivery of a supply and not for construction, the Section does not apply to this procurement.

All other terms and conditions of this bid remain unchanged.

PLEASE ENSURE THAT YOU ACKNOWLEDGE ALL ADDENDA ON YOUR BID FORM. FAILURE TO ACKNOWLEDGE ALL ADDENDA COULD RESULT IN REJECTION OF YOUR BID AS NONRESPONSIVE.

Thank you.

Nicholas Read
Chief Procurement Officer
