All Construction Managers submitting qualifications for the above project shall take note of the following changes, additions, interpretations, etc., of the RFQ and shall be made part of your request for qualifications submission.

1. **Question:** The RFQ requires 12 copies of the submission on page 1 and 7 copies on page 30 – please clarify.

   **Response:** Section 6.5 Submission of Statements of Qualifications: DELETE "seven (7)" and INSERT "Twelve (12)" in three ringed binders shall be submitted.

2. **Question:** Section 3.2 Preliminary Project Schedule lists “temporary fire station operations” as a possible early work item. Does this refer to Station #3 or keeping the HQ operations running?

   **Response:** Section 3.2 Preliminary Project Schedule reference to temporary fire station operations is for Station #3, as the Station is to be demolished. However, please note, it is also the project's intent to have the HQ building remain operational during the construction of the new Station #3 building and connector wing.

3. **Question:** In Attachment A (which is noted as Attachment C on page 4), the Preferred Site Option page notes that it is Preferred Option #7, but the rest of the plans appear to depict Option #1. Is this intentional?

   **Response:** Section 3.1 Project Description on Page 4, REPLACE "Attachment C" with ""Attachment A". In Attachment A: DELETE any and all references to "Preferred Option #7" and "OPTION 01".

4. **Question:** Is there an Interest Form that should be completed and returned to the City?

   **Response:** A CM at Risk RFQ Interest Form has been issued as part of Addendum #01.
