Q5. Somewhat related... you note you want a Siren Speaker & a light on the rear hatch... did you want an actual Siren and or a lighting controller to activate the light on the rear hatch?

A5. SEE CORRECTIONS TO PROJECT MANUAL ABOVE.

Q6. If there other warning lighting that was perhaps omitted from the IFB?

A6. Lighting fixtures will be added separately.

Q7. Is Sikkens red a Ford factory paint, or is this done locally?

A7. No. Sikkens is preferred as that is the color we use for our apparatus, but we would accept a close match.
