Dear Board of Alderman,

In consideration of the Hughes Family house at 17 Cushing Street in Newton Highlands, MA., we would like to support their intentions and plan to renovate and enlarge their home; and their plan to construct a new driveway and separate garage. We enjoy having them in our neighborhood and understand their needs for additional space.

The addition to the back of their home will actually offer additional privacy to both their home and ours; and the elimination of the current dilapidated garage, and replacement with a new garage with usable space will be a great improvement for the neighborhood.

Kind regards,

Jenna & Ning Wang

Mr. and Mrs. Les Gore

Dear Board of Alderman,

In consideration of the Hughes Family house at 17 Cushing Street in Newton Highlands, MA., we would like to support their intentions and plan to renovate and enlarge their home, and their plan to construct a new driveway and separate garage. We enjoy having them in our neighborhood and understand their needs for additional space.

The addition to the back of their home will not impose upon our current street perspective. In addition, their proposed adjustment to their driveway would be greatly beneficial to our own current driveway and street access arrangements. It would prevent cars from blocking our driveway egress.

Kind regards,
Barbara Gore

Dear Board of Alderman,

In consideration of the Hughes Family house at 17 Cushing Street in Newton Highlands, MA., we would like to support their intentions and plan to renovate and enlarge their home, and their plan to construct a new driveway and separate garage. We enjoy having them in our neighborhood and understand their needs for additional space.

The addition to the back of their home will not impose upon our current street perspective. In addition, their proposed adjustment to their front porch and front access would be beneficial to our own current driveway and street access arrangements. It would encourage parking in their driveway more, which would in turn help to prevent cars from blocking our driveway egress.

Kind regards,
