Subject: [EXT] RE: an update on data and database efforts

Hi Halina, the update is: I am cleaning up HERS data and working with Doug to get it into MapGeo and I am drafting the first dashboard. I've also started the conversation with the electrical inspectors about what to do to make sure we're getting accurate data that we're looking for.

   iii. Ordinance requiring reporting and disclosure of energy efficiency scores for Newton residential properties (Halina).

2. Jon Slote's presentation, and a discussion: How Key Partnerships Could Accelerate Newton Residents' Adoption of **4OurFuture** Actions (ppt presentation is attached)
