Why Nationwide?

For more than 50 years, Nationwide has helped public sector employees prepare for and live in retirement. They take pride in being:

- A U.S.-based company with a strong and stable history going back 100 years
- A mutual company, which means they don't have shareholders and can put clients and members first
- A FORTUNE 100 company¹ with a diverse corporate portfolio, disciplined investment approach and long-term vision that can navigate economic ups and downs

¹ The FORTUNE 100 is a list of the top 100 companies in the United States within the FORTUNE 500, a compilation of the 500 largest U.S. public and privately held companies published by FORTUNE magazine.

Important information about the transition to Nationwide

Self-Directed Brokerage Account

Nationwide uses the Charles Schwab & Co. Inc. Personal Choice Retirement Account, providing you access to thousands of mutual funds outside of your core account at Nationwide. To learn more, visit **newtonma457.com**.

E-delivery

As part of the transition, all accounts with an email address will be enrolled in e-delivery of plan-related communications such as notices, confirmations and statements. If an email address is not provided, you will continue to receive all communications from Nationwide through the mail. To assist you in monitoring your account during and after the transition, your March 31 and June 30 account statements will be sent to you electronically and through the mail. Afterward, all communications will be sent electronically to your email address on file with Nationwide. You may opt out of e-delivery at any time by visiting **newtonma457.com**.

Contribution changes

Contribution increases, decreases or suspensions, including first-time contributions upon enrollment, will be effective within 10 business days of the next processed payroll following the change/enrollment date.

Retiring during the transition

If you are scheduled to retire during the transition period, decisions you have made about your account and any distributions will transfer to Nationwide as previously determined.

What actions should you consider taking?

As we transition from MissionSquare to Nationwide, consider taking the following steps to learn more about your accounts and your retirement journey:

- ✓ Attend a webinar; our webinars can help you make decisions about managing your money and planning for retirement; register for a live event or review one of our on-demand options
- ✓ Explore the financial tools available at **newtonma457.com** and set up an online account
- ✓ Consider a 1-on-1 conversation with Eli to plan for your retirement
- ✓ For general questions about your account, contact the Customer Service Center at 1-877-677-3678
- ✓ Establish your online account following the steps on Page 10

Additional enhancement

The option to allocate part or all of your future salary deferral to a Roth account, a post-tax account that allows you to enjoy tax-free withdrawals in retirement (under certain conditions).

What actions should you consider taking?

- If you're receiving recurring distributions from your account, the distribution amount, frequency and tax withholdings may change at Nationwide based on current state and federal tax rules. Distributions will be taken equally from all your funds and deposited into your bank account.
- If you are scheduled to receive a distribution during the blackout and transition period, you will not receive that payment until after your assets are transferred to Nationwide.
- Use the online scheduler to reserve time with your retirement specialist. Scan the QR code for Eli Gonzalez on the next page to schedule an appointment.
- Starting February 6, explore our new website to learn more about our new Retirement Plans features, schedule a meeting with a retirement specialist online and review helpful educational articles.
- Beneficiary information should transfer from MissionSquare to Nationwide, but we encourage you to check your beneficiary designations after the transition.

Important notes for all participants

- Fees for third-party fiduciary services will be assessed proportionally across accounts each quarter. Please note that this amount will vary each quarter based on account balances and total participant population.
- Nationwide's fee is \$5.25 per \$10,000 in account balance and is not to exceed \$200 per year.

If you have a MissionSquare Roth IRA

- Your balance in this account will not automatically transfer to Nationwide because it is an individual account and not part of an employer-sponsored retirement plan.
- Payroll contributions to the MissionSquare Roth IRA will be stopped with the transition.
- You may continue to make contributions to your Roth IRA with MissionSquare directly; for additional information, please contact MissionSquare at 1-800-669-7400.

If you have assets in the MissionSquare PLUS fund

If you're invested in the MissionSquare PLUS fund, those funds will remain with MissionSquare until 9/18/2026. You'll continue to receive statements from MissionSquare showing these assets, and they are available for qualified distributions. They will transfer to Nationwide automatically on or around 9/22/2026 and be invested as indicated on the enclosed insert. No action is needed from you.

Important information about your retirement account

How to access your account

Beginning on or before February 6, 2026, you can manage your account by phone. Call 1-877-677-3678 and follow the prompts to establish your personal identification number (PIN) for account access.

You will receive a letter in the mail with your account number prior to the February 6, 2026, transition date. Use this account number to establish an online account (including your self-selected username and password). After you set up access to your account online at newtonma457.com, we encourage you to verify the completeness of the information provided to us.

After you set up your online account, review and manage your beneficiary designation(s). To do this, log in to your account and select **Beneficiaries**. It is important to do this now and whenever you have an important life event to ensure that the appropriate person is listed.

When you have set up your account, you can also access Nationwide's My Income & Retirement Planner tool, which helps you learn how your financial decisions, assets and planning can affect your long-term future. When you use this new tool, you can check your personal Retirement Readiness meter and get quick answers to help you decide what you can do to improve your retirement readiness. You can also estimate your pension plan and Social Security benefits, all on your favorite web-enabled device.

After the transition, please feel free to contact your local Nationwide Retirement Specialist, Eli Gonzalez.

Target date funds are designed for people who plan to begin withdrawing money during or near a specific target date, such as at retirement. The funds offer continuous rebalancing over time to become more conservative as investors approach their planned retirement date. The principal value of the fund is not guaranteed at any time, including the target date.

Retirement products are offered by Nationwide Trust Company, FSB or Nationwide Life Insurance Company.
